

## Datasheet for: SU1555

### Product Type: 230v portable Tool transformers

1500VA 110v to 230v Schuko Outlet Stepup transformer

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| VA                 | 1500                                                     |
| Input Voltage      | 110                                                      |
| Input Termination  | Mains lead with Yellow 16amp plug                        |
| Input Current      | 13.6                                                     |
| amps               | 6.5                                                      |
| Output Voltage     | 230                                                      |
| Output Notes       | 1000va continuous rating                                 |
| Output Termination | Schuko 3pin socket (continental Europe)                  |
| Product Case       | 701 Tough GRP case with carrying handle IP44             |
| Dimension          | Ht:280 W:200 D:200                                       |
| Weight             | 11kg                                                     |
| Primary Protection | Push to reset circuit breaker SP8                        |
| Surge Protection   | SL32 Surge Limiter                                       |
| Product Type       | Autowound transformer Conforms to EN61558-2-13 CE & RoHS |
| Notes              | British Built                                            |

Commodity code: 851539130

**RoHS Certificate:** Airlink Transformers certifies and testifies that all the products and goods delivered and invoiced, do not contain any of the hazardous substances as mentioned in the 2011/65/EU European directives (RoHS). Particularly these products do not contain: Heavy metals such as Pb, Cd, Cr6+ Bifenil Polybromurate (PBB) Ether Difenil Polybromurate (PEDE)

**Declaration of Conformity:** Airlink Transformers declare that the product SU1555 conforms to current European safety and EMC regulation EN61558-2-6 (Safety Isolating transformer) CE & RoHS compliant. Manufactured to Class A 105degC.

**Declaration by the Exporter:** The exporter of the product covered by this document declares that these products are of EU preferential origin. 25/04/2026
