

# Datasheet for: 3PTSD20868

## Product Type: 3P+N Isolating Delta Star

20kva 3P Delta Star 230v to 415v Hardwired

|                    |                                                         |
|--------------------|---------------------------------------------------------|
| VA                 | 20000                                                   |
| Input Voltage      | 230                                                     |
| Input Termination  | M8 Brass studs                                          |
| Input Current      | 50.26                                                   |
