

Datasheet for: SL0301

Product Type: Halogen Lighting

Transformers

300VA 230v to Single 12v

Input Voltage 230

Input Termination Screw terminals with fuse

Input Current 1.3 25 amps Output Voltage 12

Output Termination 2way screw terminal **Product Case** SL100 White steel case Ht:70 L:230 W:140 (mm) Dimension

Weight 4kg **Primary Protection** Glass fuse

Commodity code: 851539130

Secondary Protection SP30 Push to reset circuit breaker

Surge Protection SL15 Surge Limiter

Product Type Safety Isolating Transformer

Conforms to EN61558-2-6 CE & RoHS Standard

and goods delivered and invoiced, do not contain any of the hazardous substances as mentioned in the 2011/65/EU European directives (RoHS).

Declaration of Conformity: Airlink Transformers declare that the product SL0301 conforms to current European safety and EMC regulation EN61558-2-6

(Safety Isolating transformer) CE & RoHS compliant. Manufactured to Class A

Declaration by the Exporter: The exporter of the product covered by this document declares that these products are of EU preferential origin. 28/12/2025

RoHS Certificate: Airlink Transformers certifies and testifies that all the products

Particularly these products do not contain: Heavy metals such as Pb, Cd, Cr6+
