

Datasheet for: SD1544

Product Type: Low voltage portable Tool transformers

750VA 110v to 2 x 24v site transformer with sockets

750 Input Voltage 110

Input Termination Mains lead with Yellow 16amp plug

6.8 Input Current 32 amps Output Voltage

750VA continuous rating (2 x 16A) Output Notes Output Termination Two 16amp Purple 3P sockets

Product Case 601 Tough GRP case with carrying handle IP44

Ht:210 W:165 D:165 Dimension

Weight

Commodity code: 851539130

Primary Protection Push to reset circuit breaker SP8

Surge Protection SL15 Surge Limiter

Product Type Safety Isolating transformer

Standard Conforms to EN61558-2-06 CE & RoHS

> Declaration of Conformity: Airlink Transformers declare that the product SD1544 conforms to current European safety and EMC regulation EN61558-2-6 (Safety Isolating transformer) CE & RoHS compliant. Manufactured to Class A

Declaration by the Exporter: The exporter of the product covered by this document declares that these products are of EU preferential origin. 03/12/2025

and goods delivered and invoiced, do not contain any of the hazardous substances as mentioned in the 2011/65/EU European directives (RoHS). Particularly these products do not contain: Heavy metals such as Pb, Cd, Cr6+

RoHS Certificate: Airlink Transformers certifies and testifies that all the products
