

## Datasheet for: UK-US2504-Iso-240

### Product Type: Use American Appliances in The UK

2500VA 240v to 120v Voltage Converter with four American sockets

|                    |  |
|--------------------|--|
| VA                 | 2500   |
| Input Voltage      | 240  |
| Input Termination  | 3 pin UK 13amp plug                                |
| Input Current      | 10.5   |
| amps               | 21   |
| Output Voltage     | 120  |
| Output Termination | 4 x US Nema Sockets                                |
| Product Case       | UKL1 Large Grey steel case                         |
| Dimension          | L:260 x W:190 x Ht:115                             |
| Weight             | 15kg   |
| Primary Protection | Push to reset circuit breaker SP16                 |
| Surge Protection   | MS35 Surge Limiter                                 |
| Product Type       | Isolating transformer                              |
| Standard           | Safety Isolating transformer Conforms to EN61558-2 |

**Commodity code:** 851539130

**RoHS Certificate:** Airlink Transformers certifies and testifies that all the products and goods delivered and invoiced, do not contain any of the hazardous substances as mentioned in the 2011/65/EU European directives (RoHS). Particularly these products do not contain: Heavy metals such as Pb, Cd, Cr6+ Bifenil Polybromurate (PBB) Ether Difenil Polybromurate (PEDE)

**Declaration of Conformity:** Airlink Transformers declare that the product UK-US2504-Iso-240 conforms to current European safety and EMC regulation EN61558-2-6 (Safety Isolating transformer) CE & RoHS compliant. Manufactured to Class A 105degC.

**Declaration by the Exporter:** The exporter of the product covered by this document declares that these products are of EU preferential origin.
